Thanks, Sundas. I am happy to be a member of the Advisory Board of your journal and assist you to develop it. Currently I am in the advisory board of two international journals and have some experiences necessary to raise a journal to an international standard. I will do my best for the 'Paradigms'. At this stage, I would appreciate if you could please assist the journal editor to issue an official letter re my inclusion into the board of this journal.

Eagerly looking forward,  
Mia.
